

WASMUND'S SINGLE MALT SPIRIT

The first born in our “**Distiller’s Art Series**,” this clear spirit is our Gold Medal award winning **Wasmund’s Single Malt Whisky**, bottled at barrel strength prior to aging. Our spirit is hand crafted from **100% Thoroughbred barley** developed and grown locally in Virginia, exclusively for Copper Fox Distillery. At **Copper Fox Distillery**, located in Sperryville, VA, we are the only distillery in North America to hand malt our own barley, and the only distillery on the planet to use apple and cherry wood smoke to flavor the malted barley. Our **single batch copper pot-still** produces one barrel at a time and the spirit is **non-chill filtered** to preserve the complete flavor and essence of the barley grain.

Unlike *neutral* grain spirits, which are distilled at 190 proof and above, our spirits are hand crafted and **carefully distilled** at just under 160 proof, utilizing a process which allows the

complete essence and flavor of the barley grain to come through. The **Distiller’s “Art”** involves balancing the alcohol purity and the flavor elements from the source material—in our case grain.

Note: This is not to be confused with *moonshine* which is typically characterized by utilizing short cuts and lowest cost production methods which sacrifice quality and craft.

Enjoy this Single Malt Spirit as a foundation for creating marvelous cocktails; substituting it for many other spirits in your favorite recipes. In addition, we invite you to replicate the aging process

at home in our **new lightly charred American white oak barrels**. The cask strength (124 proof) spirit is the best strength to optimize the reaction of spirit and wood. Please visit our website or stop by the distillery to order your barrel

TASTING NOTES

*Like smelling a field of ripe grain as a thunderstorm rolls in.
The first bite of a crisp, ripe apple with a hint of toasted almond.
Silky finish somewhere between subtle vanilla and licorice fade.
A tantalizing bouquet and surprisingly full flavored.*
